

Music bingo that feels premium in the room and simple on the business side.

TEMPO helps indie hosts, venue groups, and entertainment orgs run nights that look polished, scale cleanly, and stay affordable as bookings grow.

One org. One bill. Unlimited hosts. Unlimited rounds. Unlimited players. No room-size pricing. TEMPO grows when you book more nights, not when your team grows or the crowd shows up.

WHY CLIENTS SAY YES

- It gives venues a repeatable entertainment night that looks polished and feels easy to run.
- It lets orgs add hosts without rebuying the platform as the roster changes.
- Hosts can brand and name their events however they want. TEMPO stays behind the scenes as the software.
- It works with paper cards, digital play, or both, depending on the room.
- Packed rooms and extra rounds feel like upside, not billing risk.

FAIR-USE STORY

Fair use exists to stop abuse, not punish success. Breakout nights are upside. If a client outgrows a tier, the first move is a friendly plan conversation, not surprise billing.

TEMPO helps indie hosts and growing orgs run nights that feel bigger than they are.

Simple enough to say yes today. Polished enough to feel premium in the room.
